

IC
SIXTH

DRESS *for* SUCCESS

**A Guide to the
Sixth Form
Dress Code**

Rationale

Members of ICC Sixth Form provide role models for our younger students. They convey to wider audiences the professional outlook of the College. It is important therefore that standards of appearance are high and reflect our aims. In particular, our aims include high expectations and responsibility.

Sixth Form students are expected to wear business dress in a manner that is appropriate for study that reflects positively their individual identity and values of the Sixth Form.

The pages in this booklet give guidelines as to what is considered appropriate business dress. It is not possible to give a definitive guide, but we ask students to consider the uniform expectations of the other students and dress code of adults working in the building when choosing what to wear in the Sixth Form.

Clothing should be modest and in keeping with the working environment, and we ask students to remember that their choice of dress impacts upon the overall impression of Ifield Community College.
