Introduction

This document provides a sample outline scheme of work for **Superpower relations and the Cold War, 1941–91**.

This is intended as an example approach only and is not prescriptive: it should be adapted by schools to fit their timetabling and staffing arrangements.

The scheme assumes 12 teaching weeks for the Period study.

The separate **Course planner** document provides a range of examples of delivery options that can be used for planning alongside this document.

The separate **Topic booklet** for Option P4 includes illustrative exemplification of content.

In adapting this scheme of work, teachers might find it useful to consider the following:

- What, and how much, background and contextual material needs to be covered as an introduction and overview before starting the main specification content.
- The focus of the question types in the assessment of the Period study:
