

Dear Parent/Guardian

I hope that you are keeping safe and well.

Further to Mrs McIver-Wren's letter, I wanted to inform you that if your child is unwell at any time and therefore cannot attend school, it is very important that your child keeps up with their school work. I have therefore provided an outline of work being covered in MFL lessons, by Year group for this half-term.

More detailed information is available in their class on Teams. Links have been provided for each piece of homework set to complete on Active Learn, which can be found under "Assignments" and on the "posts" page and vocabulary lists have been attached under "Files". If your child cannot open Teams or is having issues with Active Learn, worksheets can be emailed. You just need to email you child's class teacher.

I hope that you find this useful. Please feel free to email me if you have any questions with regards to the work that has been set.

Kind regards,

Miss Vincent
Head of MFL
