Dear Parents, Carers and Year 10 Students,

### ***Learning #NeuroNinja Coaching support for your son or daughter at Ifield Community College***

We're always working hard to come up with ways to support our wonderful students achieve their incredible potential. For our Year 10 students we are introducing an innovative and powerful programme to help them get more out of their amazing brains. We will be teaching them through tutor time the 10 Leaps of Learning, part of Action Your Potential's **Learning #NeuroNinja** Programme.

#### ***What are the 10 Leaps in Learning?***

10 daily behaviours and habits that will support everyone of our Year 10 students to improve their learning progress, memory and achievement. Each leap has been built from a deep understanding of how the brain works and learns.

#### ***What will students experience to 10 Leaps in Learning?***

Students will watch an Unleashing Learning video one tutor time a week, we will then publish that video for all of our parents.

#### ***1:1 support for some Year 10 students***

Over the next few months an invited group of Year 10 students will be receiving 1:1 support to help them build these 10 Leaps in Learning into their daily approach to managing their school learning

We're so excited to be bringing you this programme. We have a launch webinar for all parents, carers and Year 10 students on **Wednesday 10 May at 7pm**. [To sign to the webinars click here](#).
