## **ICC -Our mission**

We are an inclusive, community school and will work tirelessly and imaginatively to secure every child's success. We have high expectations and support all students to succeed, celebrating their successes.

Our curriculum allows all students to maximise their achievements. We provide a broad and balanced programme with a wide range of choice designed to develop students into lifelong learners and innovators.

We engage, inspire and excite our learners through high quality teaching. We spur our students to high achievement and develop the skills to learn throughout life.

We encourage a sense of commitment, loyalty and belonging and the development of positive, supportive relationships based on mutual respect.

We value greatly the close partnership between home and school and encourage the full involvement of parents and carers in their child's learning.

We believe Crawley deserves the best. We offer you a school dedicated to achieving the best for every young person where they are seen as an individual; not one face among hundreds.

We put no limits on what students can accomplish. When they leave us, they will be ready for the world; of University; of apprenticeship, of work. A world of discovery and possibility.
